

BECKFORD PARISH COUNCIL RESERVES POLICY

Introduction

The Council is required, under statute, to maintain adequate financial reserves in order to meet the needs of the organisation. Section 50 of the Local Government Finance Act 1992 requires that billing and precepting authorities in England and Wales have regard to the level of reserves needed to meet estimated future expenditure when calculating the budget requirement.

The Council's policy on the establishment, maintenance and adequacy of reserves and balances will be considered annually.

The Council will hold reserves for these three main purposes:

- A working balance to help cushion the impact of uneven cash flows and avoid unnecessary temporary borrowing – this forms part of the general reserves;
- A contingency to cushion the impact of unexpected events or emergencies this also forms parts of general reserves;
- A means of building up funds, often referred to as earmarked reserves, to meet known or predicted requirements; earmarked reserves are accounted for separately but remain legally part of the general fund.

General Fund balance

The general fund balance, commonly termed the 'working balance', is a balance on the council's revenue account which is not held for any specific purpose other than to cushion the council's finances against any unexpected short term problems in the councils cash flow.

The general fund balance is to be maintained at a level based upon a risk assessment carried out annually by the Responsible Finance Officer (RFO) when setting the budget for the forthcoming year. Any surplus on the reserve above the required balance may be used to fund capital expenditure, be appropriated to earmarked reserves or used to limit any increase in the precept.

Financial Risk Management

In order to assess the adequacy of the general fund when setting the annual budget, the RFO will take account of the strategic, operational and financial risks facing the council. The requirement of the level of the general fund balance for the forthcoming year will therefore be based upon a risk assessment of the council's main areas of income and expenditure and take into account any provisions and contingencies that may be required.

Beckford Parish Council

Clerk to the Council: David Roscoe

2 Mews Cottage, St Peter's Lane, Dumbleton, Worcs WR11 7TL

Telephone: 07950 118355 E-Mail: beckfordpc@gmail.com

The main items to be considered are:

Financial risk Analysis of risk

- Pay inflation is greater than budgeted The cost of living increase is above the level allowed for in the estimates.
- Contractual inflation is greater than budgeted
- A general assumption is made when estimating the percentage increase on rates and utilities. This may increase above budgeted inflation.
- Professional and other services costs increase above estimate.
- Treasury management income is not achieved
- The actual interest rate realised is below the rate predicted at budget setting.
- That a decrease in revenue is realised from estimate.
- That a decrease in revenue is realised from estimate.
- Contingent liabilities are realised
- That the council becomes liable to pay contingent liabilities.

Statutory Reserves

Local Authorities also hold reserves that arise out of the interaction of legislation and proper accounting practices.

Earmarked Reserves

Earmarked Reserves represents amounts that are generally built up over a period of time which are earmarked for specific items of expenditure to meet known or anticipated liabilities or projects. The 'setting aside' of funds to meet known future expenditure reduces the impact of meeting the full expenditure in one year, The Council, when establishing an earmarked reserve, will set out:

- The reason / purpose of the reserve;
- How and when the reserve can be used;
- Procedures for the management and control of the reserve; a process and timescale for review of the reserve to ensure continuing relevance and adequacy.

Review of the adequacy of balances and reserves

In accessing the adequacy of reserves the strategic, operational and financial risks facing the authority will be taken into account. The level of earmarked reserves will be reviewed as part of the annual budget preparation.

Approved and adopted
