

Giving our community a voice...

Many of you have heard of Beckford Parish Council and our work, however we want to hand the soapbox over to you.

We want to ensure that you can express your ideas and opinions about how our villages are supported. Together, we can make a difference and make our community the best it can be.

The Parish Council acts on behalf of our community, ensuring that all residents are represented and local issues are dealt with across Beckford, Little Beckford and Grafton. By highlighting everyone's views, we can give back to the community in the most ideal way for you.

That's why we're making some changes and we'd love to get you involved!

My involvement on the Parish Council has helped me to express areas of concern and ensure that actions can be taken to provide the best benefit for everyone.

NETTIE MANTLE
Chair

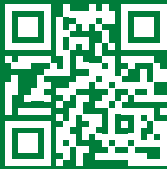

I enjoy understanding the various issues that people present and suggesting possible solutions, but most of all I like to see issues resolved

MIKE WING
Parish councillor

Have your say

We want to get your thoughts on how Beckford Parish Council can best support our community. Let's make a difference to our villages, one voice at a time.

By filling in the following survey, you can share your experience with the Parish Council to date and suggest improvements on how we can work together and add more value to the community.

We hope to use this information to improve our community and better engage with residents in ways that they are most interested in.

Local residents have been posted a printed copy of this survey to fill out if you prefer. Email the clerk if you have not received your survey.

I enjoy representing the views, needs and hopes of our community, presently and in the future. It is a nice way to give back to the local area

DIANE COLVIN
