

VACANCY FOR PARISH COUNCILLOR

PARISH OF BECKFORD

**If you want to do something for your local community
why not think about becoming a Parish Councillor.**

A Parish Councillor's role falls into three main categories -

- Representing the local community
- Delivering services to meet local needs
- Striving to improve the quality of life in the local area

Do you feel strongly enough to represent your community?

Whether you are young or of mature years there is a role you can play in ensuring local services meet the needs of your peer group, neighbours or local residents.

Parish Council Meetings take place on the third Monday bi-monthly and need not impose an onerous commitment upon your time. However, the results you may achieve can be very rewarding for both yourself and those whom you represent.

“Your Local Community Needs You!”
