Accessibility Statement

Beckford Parish Council is committed to ensuring digital accessibility for all users, including those with disabilities. We strive to make our website and services accessible to everyone, regardless of ability or technology.

Measures to support accessibility

We have implemented a range of measures to ensure our website is accessible to as many users as possible:

Text Alternatives: We provide alternative text for images, ensuring screen reader users can understand all visual content.

Keyboard Navigation: Our website is designed to be navigable via a keyboard for users with motor disabilities.

Contrast and Readability: We use high-contrast color schemes and clear fonts to improve readability for users with visual impairments.

Resizing Content: Users can resize text without losing content or functionality.

Accessible Forms: Our forms are designed to be clear and easy to navigate, with appropriate labels and instructions for screen reader users.

Compatibility with Assistive Technology

Our website is compatible with a range of assistive technologies, including screen readers, voice recognition software, and magnification tools. We test regularly to ensure compatibility with popular devices and software.

Conformance Status

This website currently meets most of the [WCAG 2.1](#) accessibility standards at the AA level. While we aim to make all areas of the website fully accessible, some content may not yet be fully compliant.
