

Critical Bleed Control Kits

Critical Bleed Control Kits have been gaining notice as an important part of public first aid measures, vital in helping to provide initial care for people who have suffered serious injuries while waiting for first responders to arrive. The Parish Council has agreed in principle to purchase these for locations throughout the Parish and install them alongside the defibrillator cabinets if possible. We are seeking advice on costs and installation practicalities – but look for these to appear in the coming months.

In the meantime, one of our Councillors has already purchased one such kit as a private donation to give back to the community.

Councillor Jo Bell recently suffered a nasty accident on Main Street in Beckford following an incident with her horse. Residents were extremely kind in response to Jo's plight, helping to look after her while she was waiting for an ambulance.

When she discovered that these bleeding control kits existed, Jo wanted to be able to repay the care she had received by helping to safeguard everyone in our community.

Our thanks to Jo for this kindness, and to the Good Samaritans who helped ensure her safety after her fall.

Vacancies:

Councillor; Tree Warden

We are always looking for volunteers to join the Parish Council and/or help with local interest schemes – for example we currently have volunteers taking and testing water samples in the Carrant Brook as part of a citizen science project scrutinising the actions of water companies, and are awaiting DBS clearances for a volunteer speed watch group.

We currently have a vacancy for a **Parish Councillor** and would welcome interest.

Almost anyone can be a Parish Councillor. There are no special qualifications. Just individuals with a connection to the Parish and a willingness to donate their time.

If you're over 18, have had a close connection to the Parish (resident, worker/business owner, or live close by) for at least a year, don't have any unspent criminal convictions, and are willing to donate some of your time – you can potentially be a Parish Councillor.

We are also looking for a volunteer to be the new **Tree Warden**. No special knowledge or training is needed for this role, just an interest in trees.

Until we are able to appoint a new Tree Warden, please could residents contact the Parish Council directly with details if they observe any issues affecting local trees.

Features:

Critical Bleed Kits

Vacancies:

Councillor & Tree Warden

Fly tipping:

Dumping Green Waste

Wychavon Parish Games

New Bus Stop Bench

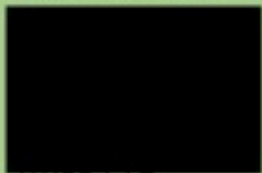

EA update

The next Parish Council meeting will be on 21 July at 7pm in Beckford Village Hall. All are welcome to attend
